E. 1.

Dear Mr Schamroth,

On behalf of the children of the above school I offer my sincere thanks for the gift of £3 subscribed by members of the Jewish Deaf Social Club towards entertaining the children. It is a very generous Purim gift and will be appreciated by the children, representatives of whom will be writing personally to thank the members of the Club.

As we are temporarily in quarantine owing to a few mild cases of German measles I propose engaging a professional conjuror to visit the school. This should be a complete change for them as many of the children have never seen a conjuror.

Once more thanking you and wishing all success to the Club.

Yours sincerely

Leslie J. Benham. (Acting Headmaster)
